## **LiveRez.com Partner Beach Properties of Hilton Head Voted “Best Vacation Rental Company” for Fourth Straight Year**

The annual award, given for top vacation rental company in Hilton Head, is voted on by readers of the Hilton Head Island Packet

**HILTON HEAD, S.C.** — In June, readers of the [Hilton Head Island Packet](#) voted Beach Properties of Hilton Head the best vacation rental company on the island. The annual award is the fourth consecutive for the company, having also won in 2012, 2011 and 2010.

“We are proud to have been voted the best in vacation rentals on Hilton Head Island for the fourth year,” said Ray and Linda Moloney, owners of Beach Properties. “Our staff provides the best in customer service to all of our guests and owners.”

Founded in 1995, Beach Properties manages more than 300 properties on the beautiful island of Hilton Head, specializing in luxury properties on or near the beach in the select communities of Sea Pines, Palmetto Dunes, Forest Beach and Sea Crest. With one to seven bedroom homes, villas and condos available, Beach Properties vacation rentals can accommodate immediate or extended family or groups.

In an effort to further streamline their business and upgrade to the latest technology, Beach Properties adopted LiveRez.com’s cloud-based vacation rental software platform in summer 2012 and have been fully utilizing the system since January 2013.

“Hilton Head is one of the top vacation spots in the United States. Being voted the best on the island for four straight years speaks volumes about the outstanding experience Beach Properties offers each and every one of its guests,” said Tracy Lotz, founder and CEO of LiveRez.com. “We are thrilled to partner with not only the leader in Hilton Head, but one of the nation’s top professional vacation rental management companies.”

Through [Beach Properties' LiveRez-powered website](#), travelers can easily search for and book their perfect vacation around the clock. And recently, the company also launched a [mobile website](#) to cater to the increasing number of users accessing Beach Properties’ website on smart phones.
